

2014... EADM lets you know very easily if 3390 disks response times can impact your WLM strategy. Upon analyzing your RMF or CMF reports (in just one minute), EADM creates 5 easy-to-understand and data-rich graphs:

Before

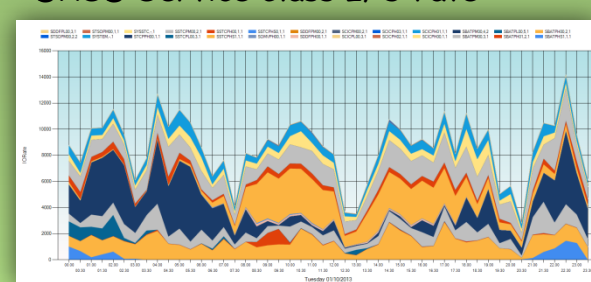

CPU Workload Service Unit

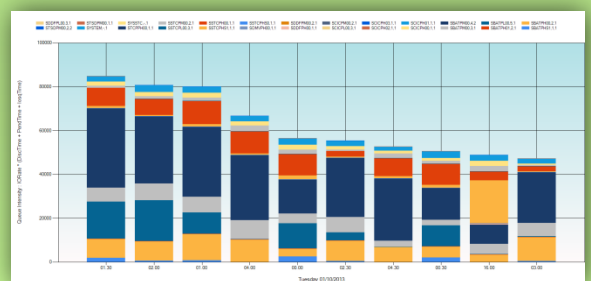

DASD Workload I/O rate

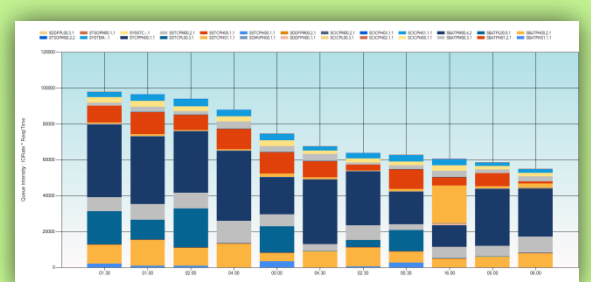

DASD Service Class I/O rate

Worst 10 QI Periods

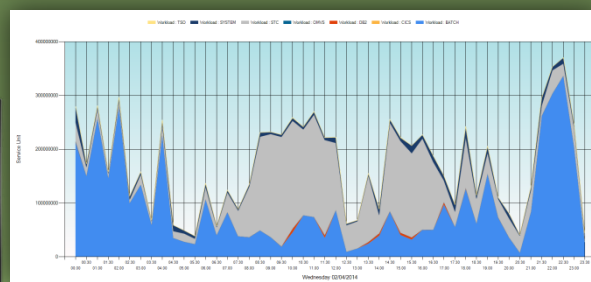

Worst 10 Periods

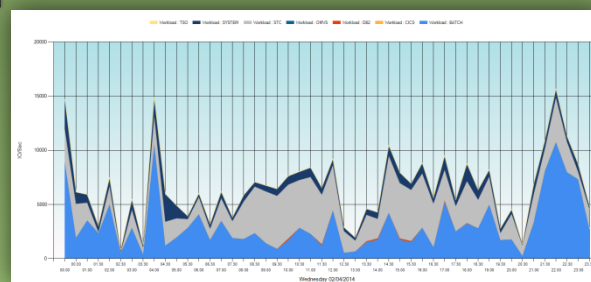

After... (much improved)

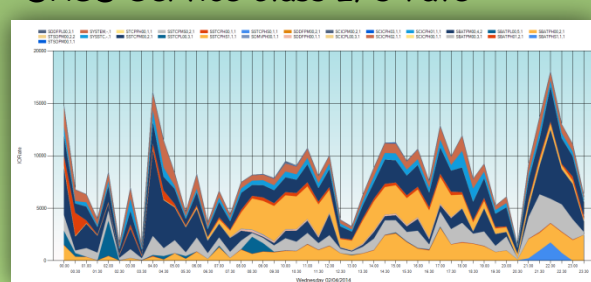

CPU Workload Service Unit

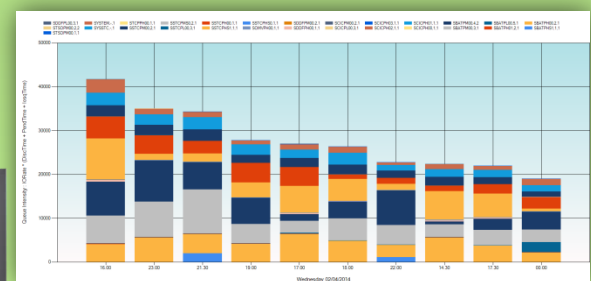

DASD Workload I/O rate

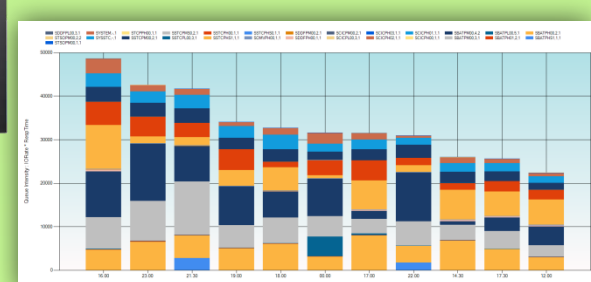

DASD Service Class I/O rate

Worst 10 QI Periods

Worst 10 Periods

Technical Storage
